

HANDS THAT HOLD THE GOLD...

CHRISTIAN SCHOOL
IN BLOEMFONTEIN

Our Father's Academy is a Christian school established in 1988 in Bloemfontein. It produces learners who are high achievers, many of whom have gone on to study at top universities and have entered into meaningful employment.

Our Father's Academy was afforded the opportunity to build their own premises to meet expansion needs. This site of the new school premises is on land just off the R700 road, near Woodlands Wildlife Estate, in Bloemfontein. Construction of structures has been underway since 2014 and are now 80% complete.

In the interim, the school has been at a temporary premises. However, the expansion of the school cannot be accommodated and the school must urgently be relocated to the new premises.

We would highly appreciate any contribution from your company to this project. This school is a NPO, with PBO status, and therefore you can also enjoy tax benefits for your company when you make a contribution. As you can see in the photographs; buildings, facilities and infrastructure worth +/- R4 000 000 have already been completed.

Current immediate needs:

- Intersection/connection (R 700) R 1 200 000,00
- Sewer drainage and reticulation R 410 000,00
- Water reticulation and storage R 1 200 000,00
- Fencing and security gates R 1 000 000,00
- Completion of Hall and Admin Building R 680 000,00
- School Office Furniture and Equipment R 80 000,00

The current capital required for the completion of the first phase is R4 570 000,00. A detailed cost analysis can be forwarded at your request.

We have a passion to develop learners to become key players in the future of our nation. We believe they will be nation changers and therefore we trust that the development of this school will not just impact the learners but those in the greater Bloemfontein area.

If you would like to have more information regarding our vision and mission or any other information please contact:
